

Soothe & Smooth™

Foot Care Management

Soothe & Smooth is an all Australian developed Foot Management Product for the Podiatry Industry. using a combination of organic/in organic ingredients to provide an effective treatment for people with poor circulation, diabetes, and generally bad feet. The no mess product just sprays on the feet, and will moisturize, and soften the hard areas of the foot. The deodorizing properties allow for fresher feet and relief from aching tired feet, also available in Anti-Fungal.

Environments ideal for Soothe & Smooth™

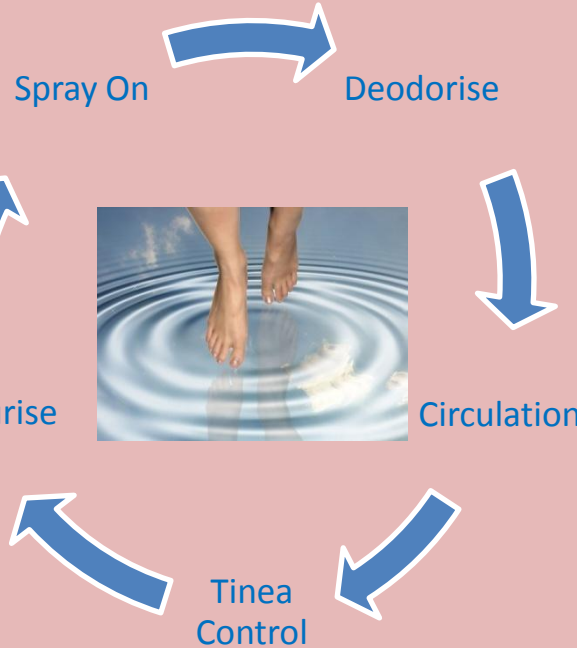

Hospitals, Aged Care, Palliative Care, Podiatrists, Athletes, Hotels
